| <p>1 Tri-lobe Blower 5000 CFM - 27" HG;</p> <p>2 Two (2) 26" dia. Silencer;</p> <p>3 6" Vacuum breaker (electro-pneumatic);</p> <p>4 Carbon steel cyclone + Drop Box;</p> <p>5 Aluminum enclosure:
90000 BTU boiler
12 V recirculation pump (optional);</p> <p>6 1290 Gallons (US) water tanks;
(3 x 430 Gallons US) polyethylene water;
tank with electronic water level indicator;</p> <p>7 Four (4) aluminum extensions;</p> <p>8 Extensions rotative holder;</p> <p>9 2000 Gallons (US) (10cy) debris tank
1/4" carbon steel;</p> | <p>10 Full opening rear door;</p> <p>11 Arrow board & Rotative beacon;</p> <p>12 Four (4) heavy duty hydraulic door locks;</p> <p>13 6" Decant valve;</p> <p>14 Aluminum hose tray;</p> <p>15 Hydraulic vibrator;</p> <p>16 23 Ton Hydraulic front hoist;</p> <p>17 20" x 20" x 36" Tool box;
Water pump 65 GPM;
2000 PSI, 3/8" hose & manual hose reel,
12 V recirculation pump;</p> <p>18 Driveline Transfer case for blower and water
pump;</p> | <p>19 12" check valve;</p> <p>20 Load sense hydraulic system;</p> <p>21 18" x 42" x 96" Tool box;</p> <p>22 Front Hose Reel - 600' - 1" hose capacity,
180° hydraulic pivoting, hydraulic motor and
planetary gears rotation, manual hose guide,
level wind guide;</p> <p>23 Control panel and Multiplex display screen
Electronic level indicator
Pendant and wireless remote;</p> <p>24 Top loading boom (8"), 180° rotation,
21' telescopic stainless steel extension.</p> |
