

LETO

- 1** 3800 CFM - 27" HG positive displacement blower - hydrostatic driven;
- 2** Pre-built silencer;
- 3** 8" Top loading boom - 180° rotation - 21' extension;
- 4** Carbon steel cyclone;
- 5** Aluminum enclosure, 50' - 1/2" hose, Hand gun 20 GPM - 600 PSI, 12 V recirculation pump;
- 6** Electronic level indicator;
- 7** 1200 Gallons (US) Polyethylene water tank;
- 8** Pressure water pump 35 GPM - 3000 PSI (passenger side);

- 9** 6" access sampling port;
- 10** Full opening rear door;
- 11** Four (4) Heavy duty hydraulic rear door lock;
- 12** Four (4) aluminum extensions
- 6"** Discharge valve
- 6"** Decant valve
- Extension holder;
- 13** Standard Heavy duty bumper;
- 14** Ladder;
- 15** Hydraulic vibrator;
- 16** 1800 Gallons (US) (9cy) debris tank
- 1/4" carbon steel
- Electronic level indicator
- 23 Ton hoist;

- 17** Drop out box 20" dia.;
- 18** 8" Electropneumatic Vacuum breaker;
- 19** Load sense hydraulic system For accessories Hydrostatic drive for Blower/ Water pump;
- 20** Control panel and display for electronic multiplex system;
- 21** Hose reel for 1000' - 3/4" hose -180 deg. hydraulic pivot and planetary hydraulic rotation.
